

Dr. Ph. Martin's[®]

SINCE 1934

WATER COLORS

RADIANT CONCENTRATED

*There are 12 fluorescent colors not recommended for reproduction work.

SYNCHROMATIC TRANSPARENT

STUDENT SET

This color chart is reproduced with printers' ink. Printers' ink (which is made of pigment) cannot show the brilliance and intensity of the original dye color (Radiant Concentrated & Synchromatic Transparent). This chart should be used as a reference guide for an approximation of the original color.
